Ayomide Oguntuase

Frontend developer | HTML | CSS | JS | React | Tailwind | Bootstrap
| Computer Engineering graduate
Nigeria

Summary

Knowledgeable Front End Developer adept at creating successful
websites that meet customer needs. Specializing in collaborating
with management, designers and backend developers to gather
requirements, produce plans and improve designs for usability and
functionality. Fully proficient in Typescript, CSS and React to bring
web product ideas to production.

Experience

FuelCredit
Frontend Developer
November 2021 - Present (1 year)
Lagos, Nigeria

I develop the UI components that make up myfuelcredit.com's web app
interface with tools such as HTML, CSS, Javascript, React, Redux and a good
number of other libraries in the React ecosystem.

Liensy Robotics
Computer Engineering intern
August 2019 - December 2020 (1 year 5 months)
Akure, Ondo, Nigeria

I trained in using electronic components for embedded systems applications.
I also trained in the basics of machine learning. I developed a manual guide
for the company's robotics educational kit. I wrote firmware code for the
development of a smart timer for gadgets in a public transport bus.

Computer warehouse group (CWG)
End User Support
October 2018 - December 2018 (3 months)
MTN GOP, Lagos Nigeria

As an intern of the End User Support department, I was responsible for
ensuring the hardware and software of the employees of MTN GOP functioned
without hassles.

Education

Federal University of Technology Akure
Bachelor of Technology - BTech, Computer Engineering · (September 2015 - October 2021)
